# The Michaelman

St. Michael's College, Winooski, Vermont Vol. II No. 1 September 28, 1957

## FRESHMEN RECEIVE ROYAL WELCOME

The class of "61", 274 strong, arrived at St. Michael's on Wednesday, September 11 to start their college careers. After registering with the Dean of Men, the new Michaelmen were formally "capped" with purple beanies and were introduced on campus by Crown & Sword and Student Council members.

### MR. KENNEY, DIRECTOR

The first five days of orientation were scheduled by Mr. Kenney, assistant to the President of SMC and his aid, Philip Howrigan. Starting each day off with mass, the new Knights went on to a solid schedule of games, interviews, general assemblies, and placement tests, just to mention a few.

### HIGHLIGHTS

Some highlights of the week were the Talent Show, the Freshmen Dance, which was climaxed by a ferry trip across Lake Champlain to Port Kent in the foot of the Adirondack Mountains.

### TALENT SHOW

The Talent Show audience was in a critical mood. Response to the performer's talents was loud and unrestrained. However, some acts deserve honorable mention for being of such fine calibre in the face of such an emotionally extrovert audience. Music, as furnished by Pete Cavanaugh on the piano, Ron Duchan on the clarinet, and Phil Coapy on his drums, was at its best. Popular numbers were well rendered by a following quintet. St. Michael's unofficial theme song, "The Saints", was met with great enthusiasm.

### SOCIAL DEBUT

Saturday night found the new Michaelmen with their best foot out in the direction of Austin Hall to attend the 'Week' Dance. With the purpose of 'seeing' and 'being seen'. The Freshmen did a fine job of being well received by the fair sex of the Burlington area. Everybody fell into the

musical swing of the evening and social contacts appeared to be highly quantitative.

### FACULTY BOWS TO FROSH

Sunday morning found the newly initiated Knights climaxed the week by attending an early mass and breakfast and on their way across Lake Champlain to Port Kent, New York. Scheduled events for the day were very well organized and everyone participated in the games. It was Freshmen Day all the way with the Frosh bringing the faculty down to a resounding defeat in the softball game.

## OUTING CLUB PLANS HIKE TO MANSFIELD

The summit of Mount Mansfield is the goal of the St. Michael's Outing Club on Sunday, Sept. 29. Busses will leave the campus at 10 A.M. for the annual climb, the club's activity of the new year. About fifty girls from Trinity and U.V.M. have been invited to accompany the Michaelmen expedition.

Outing Club prexy Ed Cashman advises that old clothes be worn and lists a camera as a necessity. Lunches will be prepared for all climbers.

### FORTHCOMING EVENTS

Already the club is planning the Homecoming Dance for October 29. Eric Ramsey, dance chairman, is arranging a band for the informal affair to be held in Austin Hall.

## FACULTY ADDS SIX NEW MEMBERS

Six new professors have undertaken their teaching duties here at St. Michael's College. The new professors officially began their instructional tasks on the opening day of school.

In the physics department, we find Mr. Dominique Casavant who comes from Lewiston, Maine. Mr. Casavant is a graduate of Bates College and received his Master's degree in Education from St. Michael's. While at St. Mike's, he served as ski coach. After receiving his degree, Mr. Casavant went to UVM and got his Master's degree in Physics. He is an army veteran and is married. On the faculty of Mathematics, we have Mr. Richard Peterson who hails from Allston, Mass. Mr. Peterson, who graduated from Boston University, is presently working on his Master's thesis at his alma mater.

Mr. John F. Stewart of Burlington, Vermont is the new instructor in English. Mr. Stewart has the sole distinction among the newcomers to have been graduated from St. Michael's where he also obtained his Master's degree. This past summer, Mr. Stewart was a reporter for the Burlington Daily News. He is married and is a veteran.

Mr. Lionel Simard of Manchester, N.H. will be teaching German and Spanish this year. Mr. Simard attended Assumption College for two years and received his Bachelor's degree from St. Anselm's College. He served with the Army in Germany. He is presently working on his Master's degree at the Russian School at Middlebury College. Mr. Simard is married.

Among the returning members of the faculty, who were absent during the past year, we have the Rev. Gerard E. Duford, S.S.E., who was Dean of Men prior to his absence. Father Duford has rejoined the History Faculty.

Professor Vincent H. Naramore of Hubbardton, Vermont returns as assistant professor of Mathematics. Mr. Naramore was doing advanced study at Boston University.

There will be several members of the faculty, who will be sorely missed this year. Dr. John J. Devlin, who was Director of the Foreign Language Faculty, is now at Fordham University. Dr. Leonard A. Caners, former Mathematics professor is enjoying California weather in San Diego. Dr. Joseph Vinci, ex-professor of Spanish, is teaching in Long Island, and Mr. Mart in P. Donahue is studying for the priesthood at St. Bernard's Seminary of the Worcester Diocese. Dr. John P. Rowan, professor of Philosophy is now at Dukane University and Professor Thomas J. Magner is at Xavier College in Ohio.

To all the newcomers, we wish to extend to you a very cordial welcome and we hope that you will remain with us for a long time.

## Rev. Walter J. Ong S.J. To Address DES Members

Reverend Walter J. Ong, S.J., associate professor of English at Saint Louis University, will be the guest speaker at the induction of senior class members into the Delta Epsilon Sigma honor society. Father Ong will deliver his speech on October fifth, at 8:00 P.M., in Science Hall.

Rev. Walter J. Ong, S.J.  
Guest Speaker.

The St. Michael's College Chapter of the D.E.S. was established in 1941. Every year a committee nominates for membership about ten percent of the members of the senior class who have achieved the highest scholastic averages during their four years of college.

### DOES RESEARCH IN EUROPE

Father Ong has recently returned from four years in Europe, on a fellowship from the Guggenheim Foundation of New York, doing work on Renaissance literature. His two resulting books on Renaissance intellectual history, *Ramus, Method, and the Decay of Dialogue* and *Ramus and Talon Inventory*, are being published by Harvard University Press.

Father Ong has lectured throughout the United States and Europe, particularly to university groups at Paris, Bordeaux, and Toulouse. He is the author of *Frontiers in American Catholicism* and of numerous articles in critical reviews and scholarly periodicals in the United States, Canada, and Europe, also of studies in the books *Twentieth Century English*, *Immortal Diamond*, *English Institute Essays*, *Problems of Communication in a Pluralistic Society*, etc.

### PH. D. FROM HARVARD

Born in Kansas City, Missouri, Father Ong completed his undergraduate studies at Rockhurst College before entering the Society of Jesus in 1935. He furthered his studies for the priesthood at Saint Louis University, and obtained his Ph.D. from Harvard University.

He is currently chairman of the National Selection Committee for awards for graduate study in France under the Fulbright program. Father Ong is an active member of many other cultural and educational organizations.

While abroad, he also worked on the microfilming project at the Vatican Library.

## Foreign Program Progresses

Forty-six students are now registered for St. Michael's program of English for foreign students under the direction of Professor Ernest Boulay. The program will last for sixteen weeks.

This program was established at St. Michael's College to meet the needs of foreign students who come to the United States to continue their studies in the schools, colleges, and universities of this country; or who are here for business or professional reasons, and need a knowledge of English quickly.

Upon arriving on campus the students take English placement tests to help determine the extent of their knowledge of English. Those who have an advanced knowledge of English go into the advance course, while those with a lesser knowledge go into the intermediate course.

All male foreign students have living accommodations in St. James and St. John Halls. The women students live with carefully selected private families close to the campus.

### FROM 13 COUNTRIES

There are thirteen countries represented in the program, Canada, 12 students; Iran, 20; Cuba, 2; Puerto Rico, 1; Venezuela, 1; El Salvador, 2; Ecuador, 2; Israel, 1; Hungary, 1; Lithuania, 1; Brazil, 2; Argentina, 1; and Colombo, 1.

### MR. BOULAY, DIRECTOR

The staff for this year's program, under the direction of Mr. Boulay, is as follows: Father Armand Dube, S.S.E., Mr. O'Neill, Miss Thayer, Mr. Medor, Mrs. Kulty, Miss Stark, Mrs. McMahon, and the lab technician Mr. Barjabedian.

## German Club

Wednesday evenings at 7:30 will be the meeting time for the German Club and the Spanish Club at St. Michael's.

Lionel Simard, instructor in Modern Languages, will be moderator of both clubs which will meet on alternate Wednesdays. All students in the regular program are welcome and a special invitation is issued to those in the English for Foreign Students program.

The German club will start Oct. 2 in Science 108, with the Spanish club meeting Oct. 9 in the same place.

Freshman Jerry Boisseau is clued in on campus life by senior Dominic Villoni.

# THE NEW CAMPUS LOOK

We would like to take this opportunity to welcome the Freshman class of '61. We know you are going to enjoy your four year visit at St. Michael's, although at times you may become despondent. But with a little perseverance you'll find yourselves accepting a diploma in June of 1965. All the facilities for acquiring first-rate education are at your disposal, but it is up to you to take advantage of them.

As we gaze around the campus this year we're very happy to see a few changes. It almost appears that we have gentlemen attending this institution. If this continues we think it will do much to enhance the school. If we would take the time to question those who have graduated from this college we would be shocked to learn that this *RIDICULOUS* matter of dress is of great importance in the business world.

Experience shows that those who come to interview our Seniors are not only interested in scholastic records, but one's appearance as well. Sooner or later we will have to present ourselves to an interviewer and we feel certain that khaki pants and dirty white bucks will not be in our favor. It is one thing to appear in dress clothes, but to give the impression that we are at ease is quite another. Since our entrance in the business world will require that we conform to certain standards of dress this is not a subject to be treated with levity.

The Freshman seem to realize the importance of this, however, some of our more integrated students have let it slip from their minds. We are sure that if our upperclassmen set the example the entire campus will benefit. The Administration appears to be convinced that this is for our own good and we owe it to ourselves to take their good advice.

The weekly student newspaper of St. Michael's College, Winooski Park, Vt.; published by and for students at St. Michael's.

# Student Grants

The New York Higher Education Assistance Corporation has recently been formed with the purpose of awarding grants to residents of New York State who are desirous but financially incapable of obtaining a college education.

**GRANTS UP TO \$5,000**

The non-profit organization shall be governed by an eleven board of directors. It is this board which shall set the terms and limitations on the student loans. One definite limitation is that no loan shall be made in excess of one thousand dollars per school year and that no person shall receive a total of more than five thousand dollars.

**MINORS QUALIFIED**

One clause in the charter states: "Any person who qualifies for a loan from the corporation shall not be disqualified by reason of his being under the age of twenty-one years and for the purpose of applying for and receiving and repaying such a loan any such person shall be deemed to have full legal capacity to act and shall have all the rights, privileges, and obligations of a person of full age with respect thereto."

The Corporation will be in a position to grant student loans around February 1, 1958.

# SPECIAL PROGRAM FOR FRESHMEN

Effective this Fall, under a new system set up by the committee on Advanced Standing and Acceleration, headed by Mr. Peifer, Saint Michael's College will offer a special program. Under this program, qualified students may complete their college work in three years, or may take additional courses during the regular four years. They do so by passing courses on the basis of individual study and faculty administered examinations.

**85% AVERAGE REQUIRED**

Entering Freshmen are considered qualified if they have obtained 600 or more on both the verbal and math sections of the College Entrance Examination. Other students are qualified for the program if they have maintained an academic average of 85%. They must also have the approval of their advisors.

The exams, to these students, are given during Freshmen Week and during the regular exam periods. If they pass the exam they may take advanced courses in their place.

The courses that may be passed by exams are:

- 1). All courses numbered 102 and 202.
- 2). Humanities 302 and 402.
- 3). Social Science 302.
- 4). Theology 302 and 402.
- 5). Others are decided by the departments concerned.

**SOPHOMORE TAKES PROGRAM**

Charles O'Brien, a Sophomore, was the first student to take advantage of this program. During the past Summer Charles completed his readings for Humanities 202 and then passed the course test in the Fall. He is presently taking Humanities 302 as a result of his accelerated program.

Greetings! Since this is the first issue now must be the time for this column to welcome its thousands of readers to another year of somewhat costly, sometimes painful, but always enlightening process of integration. To the eager Frosh, the cynical Sophs, the rejuvenized Juniors and to those wise old reprobates, the Seniors, we offer best wishes for a fruitful and enjoyable year.

It is said that the appreciation of beauty is largely subjective, and the truth of that was never more clear to us than upon our arrival on campus for the opening of Freshman Week. This plain faced hilltop with its even plainer assortment of abandoned barracks was a lovely sight to these eyes. We are sure that most of the upperclassmen experienced the same feeling.

We mentioned the above piece of touching sentiment in order to firmly establish our loyalty to SMC. It will probably be the last expression of such loyalty and during the ensuing weeks our remarks may cause some to wonder, "Whose side is this guy on".

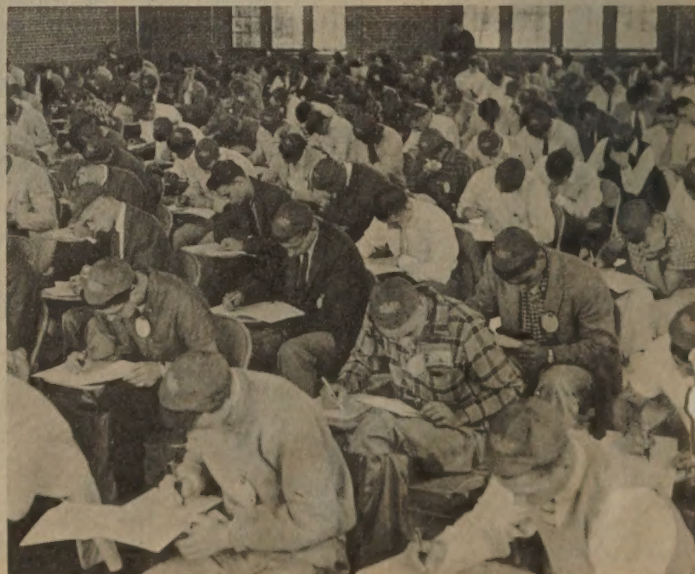

All of which brings us to the purpose of this column. If you have thumbed hurriedly to this section with the hope of being amused you shall be sadly let down. Several years ago we wrote a column aimed at the funny bone, and believe us, the business of being funny can be very trying indeed. The big question at that time was whether the hardship was greatest for writer or reader. It must be admitted here that pound for pound the latter group appeared more grievously afflicted. In order to avoid such unnecessary suffering, not to mention monumental personal embarrassment, we shall leave the humor to the humorous. Guided by past experience and somewhat ripened outlook we shall concern ourselves with topics of a more serious nature. We hope to serve as a springboard for student sentiment. We intend to be as critical as Big Brother will allow.

In this poem, "The Lesson for Today", Robert Frost concludes with,

*And were an epitaph to be my story  
I'd have a short one ready for my own  
I would have written of me on my stone:  
I had a lover's quarrel with the world*

The final line of the stanza embodies the philosophy of this column. However, being of a more modest nature than the poet, we shall save the rest of the world for post-graduate quarrelling and confine our attacks to the SMC battlefield . . . . .

In the Theological vein, Fr. Martel certainly stunned the boys in his first Theology 404 lecture. He announced that the study of Theology does not include parrotting in a high pitched monotone the prescribed definitions of our religion. We presume from his remarks that after four years the student is expected to do his parrotting in low, conversational tones.

The enlightening process of integration.

## Lecture Series To Be Opened By Dr. Decker

The fall lecture series will be opened Friday, Oct. 4, at 8:00 P.M. in Science Hall by Dr. Clarence R. Decker, Vice-President of Fairleigh Dickinson University. Dr. Decker will speak on "The Private Corporation as an Enlightened Instrument of American Foreign Policy".

### OIL COMPANY CONSULTANT

Dr. Decker is also Educational Consultant to the Creole Petroleum Corporation, and was formerly President of the University of Kansas City (1938-1953). He received his Ph.D. in literature from the University of Chicago (1928) at the age of 23, and his A.B. in philosophy and economics from Carleton College (1925).

### TRAVELER AND AUTHOR

Dr. Decker has taught at the University of North Dakota, Northwestern, DePaul, Illinois Wesleyan, Western Illinois State Teachers College, and the University of Kansas City. He has travelled throughout Europe, the Near East, and free Asia. He is the author or co-author of four books: *Wives of the Prophet* (1936), *The Victorian Conscience* (1952), *Southeast Asia in the Coming World* (1953), and *A Place of Light* (1954). Founder and editor of the *University of Kansas City Review*, he has also published widely in newspapers and magazines.

### HONORED BY MEXICO

In 1949 the government of Mexico conferred its highest honor, the Order of the Aztec Eagle, on Dr. Decker for "his outstanding contribution to the diffusion of knowledge of Mexican Art and Culture in the Middle West".

### SPEAKS WITH NEHRU

That same year Dr. Decker represented the American Association for the United Nations on America's Town Meeting of the Air round-the-world broadcasting seminar -- the first trip of its kind in history. The 30 members of the group visited 14 world capitals, participated in world broadcasts, and conferred with leaders of the countries visited, including off-the-record sessions with the late Prime Minister Ali Khan of Pakistan and Prime Minister Nehru of India.

From 1950-1953 Dr. Decker served as guest moderator for Town Meeting of the Air on many occasions. He has also broadcast on "Voice of America", "Invitation to Learning", "Northwestern Reviewing Stand", and "Chicago Round Table".

In 1950, as chairman for western Missouri of the "Crusade for Freedom", Dr. Decker joined General Lucius D. Clay's party which dedicated the "Freedom Bell" in Berlin. In 1951 Dr. Decker received the honorary LL.D. from Carleton College.

### TRAVELS THROUGH ASIA

In 1952 (on leave from the University) Dr. Decker served as Assistant Director for the Far East of the Mutual Security Agency. His duties took him on a two-month trip to Southeast Asia where he conferred with heads of government and chiefs of state.

Dr. Decker is a member of Kappa Associates, the Committee of the Memorial Library, Overseas Press Club, President of the Poetry Society of America, and Editor of the *Quarterly Review*, a national literary magazine.

Dr. Clarence B. Decker

## Juniors Plan May Weekend

The Junior Weekend Committee recently announced that the theme for this year's festival will be "Oklahoma". The theme is borrowed from the musical stage production hit of that same name.

### PREPARATIONS MADE

As the word implies, the Weekend is being planned so as to possess all the gaiety, music, fun, and humor so well remembered by all who have seen the musical on stage or screen. Already the Junior Class has had several committee meetings to make arrangements that will make this Weekend pageantry the largest and best ever at St. Michael's.

### CANAVAN & CARROLL CHAIRMEN

James Canavan and James Carroll have been selected co-chairmen and are being supported by the following sub-committee chairmen: Deco-

J. Carroll, J. DesRoche, and J. Canavan discuss plans for Junior Weekend.

# HOOP SCHEDULE OFFERS STOUT OPPOSITION

by Fran Makula

Well Michaelmen, December 3 begins another session of basketball. The Purple Knights, with Coach George "Doc" Jacobs at the helm, with some fine help from Assistant Coach Ed Markey, will undertake an impressive 21 game schedule. The first obstacle in the Knights' path will be the Cadets of Norwich. The game will be played at Burlington's Memorial Auditorium. Although the Cadets have been taken four straight times during the past two years, there has been some talk that the Cadets will be ready to try and stop the supremacy of the Knights.

### PAST RECORD

The "Jacobites", who have won 35 and lost only 11 over the past two years, will be putting a win streak of 21 straight over New England colleges on the line this year. Also this year, the team will be shooting for its third straight title of top small college in New England. An 80-63 win over power-packed and favored Amherst, gave the Knights the New England NCAA title this past year. Only a few points made the difference when a determined Rider team edged out our boys in competition for the North Eastern Title.

### PRESENT SITUATION

This season will also see the joining of the varsity of last year's Frosh team. The former Frosh, under the inspired drive of Ed Markey, acquired a laudable 10-2 record. These boys will now bolster the team that lost the services of four truly great players, Tom Lemanowicz, John "Pickles" Wergzynski, and captain Bernie Cieplicki, by graduation, and Bill Kuchar, who entered the service. In this respect then, this year might well be considered a rebuilding year for the capable coaches.

### SCHEDULE ATTRACTIVE

A novelty on the schedule this year, as well as to the Knights' numerous fans, will be the inauguration of the St. Michael's Invitational Tournament. An added feature of this tournament will be the fact that there might be a possibility of the Knights drawing the U.V.M. Catamounts. This would mean that the Jacobmen would meet the ferocious Cats more than the traditional twice per annum. The Catamounts, who have presented the most serious threat to our rule, have nevertheless, had their tawny paws clipped for the past two seasons. This year's schedule will tell more.

57-58

### SCHEDULE

Dec. 3	Norwich*
Dec. 11	Adelphi
Dec. 13	New York
	Athletic Club
Dec. 17-19	Quantico Marine Tournament
Dec. 27-30	ST. MICHAEL'S INVITATIONAL TOURNAMENT
Jan. 3	Northeastern

## CHRISTMAS TOURNEY PLANNED

by Jack Dillon

For the first time in northern Vt., St. Michael's College will introduce an intercollegiate basketball tournament. The tournament commences on December 27 in the newly renovated Memorial Auditorium and climaxes on December 29. Teams from 5 New England states will participate.

### OLD TEAMS

Renewing their appearances in Vermont for the first time in a few years will be Bowdoin College of Maine and Williams College of the Little Three in Massachusetts. Rounding out the next of the teams, are St. Anselm's of Manchester, New Hampshire, one of St. Michael's rivals for New England supremacy for the past few years. Two other teams from Massachusetts, are A.I.C. and University of Massachusetts. Both have proved to be very tough for Doc Jacobs' chargers in the years past. New York State is represented by Adelphi of Garden City, which is one of the few teams the Knights didn't run over last year. Then from across the river in Burlington come the always capable Cats of the University of Vermont.

### MORE ON TOURNEY

In past years S.M.C. has been invited to many tournaments but had to turn down bids for various reasons. The Knights have participated in recent years. Among them are National Catholic Invitational Tournament at Albany, in 1950-51, the Quantico Marine Tournament and last year were New England N.C.A.A. champs. Under the leadership of Doc Jacobs and Ed Markey, St. Michael's has assembled for the St. Michael's College Invitational Tournament the best in New England which should bring many thrills come Dec. 27.

## Skiers Offer Good Schedule

by Hank Fortier

A new year has started on campus and along with it a new year of skiing. The SMC Ski Team, coached by Mr. Dom Cassavant are beginning to gather up their flock for another exciting season.

### GREAT LOSSES

Returning this fall the team was faced with the reality of three graduated varsity members, one of which was Roger Chapdelaine, and three more varsity members who did not return. This leaves one varsity veteran, Ray Flynn and five others, although returning veterans have no varsity experience. They are: Moe Charbonneau, Bernie Rooney, Mike Crain, George Cronin, and Don Hunger. Two others who are returning are Mike D'Arcangelo and John Roach.

All in all the prospects do not look to grim. To quote Coach Cassavant: "The spirit that the freshmen showed last year is an encouraging side of rather a difficult situation for the coming year".

### IMPRESSIVE SCHEDULE

The tentative schedule set by Dom Cassavant for this year is to include Paul Smith at Lake Placid, E.I.S.A. at Lyndonville, Norwich Invitational, McGill Carnival, Dartmouth Relay, and possibly Vermont Cross-Country championship at Stowe.

### TRAINING TO BEGIN

This Sunday the team will start their rigorous training by hiking up Mt. Mansfield. A good start to a good season. This will be followed immediately with bi-weekly meetings until the approach of winter and the final stages with daily practice sessions.

Since the season is far enough in advance, we will ask those who may possibly be interested to get in touch with Bob Malone, manager or Dom Cassavant in the near future. Anyone with skiing experience will be considered.

## Sailors Ready For New Season

The sailing Knights recently began their Fall season with an informal meeting of old and new members. Bill Hill, a Junior, who is Skippering the team this year, explained the workings of the team to the members, and expressed his hopes for a winning season. The coming Fall schedule was then discussed.

### THREE MEETS THIS FALL

The sailors have only three meets this Fall and all are away. The first race will be on Oct. 6th, when the varsity team hoists sails against the University of Maine and Boston University at Maine. The other two meets are both on Sunday, Oct. 13th. In one race the varsity team will sail in a quadrangular meet at Middlebury; while the Frosh will travel on to M.I.T. to sail in the Freshman Dinghy Championship Eliminations.

### THREE DINGHYS

The SMC Sailing Team has three sailing dinghys of its own which are sailed in home meets, and are used to practice in. The boats are also at the disposal of the team members for their own enjoyment.

The Team is trying to build up a strong membership, so if you are at all interested now is the time to join. All Michaelmen are welcome.

## SPORTS TALK

This being fall, when the smell of burning leaves permeates the nostrils of all active young American youth and brings fair thoughts of the gridiron, it is just, fitting and proper, that we start the academic year with a little football talk. As most of you returning Michaelmen are well aware, the New York Football Giants made their summer training quarters right here on the hilltop for the second consecutive year. The Giants made good use of their summer sojourn in the Vermont hills, a fact which was clearly exemplified recently, when the champion Giants walloped the Detroit Lions. This was a bitter pill to swallow for the Lions, as it was the first shutout administered to them in five seasons.

### BASKETBALL HEAR SAY

On the local scene, there is quite a bit of talk circulating around campus about the coming basketball season here at St. Michael's. The Purple Knights are holding a much envied position as the number one small college basketball team in New England. The Jacobmen were hard hit through graduation last year, losing the stalwart services of such men as Bernie Cieplicki, John Wegrzynski, Tom Lemanowicz and last but far from least, Bill Kuchar. The Knights are far from being defenseless however. They can count on such steady customers as Drew Denmead, Hank Gretkowski, Anthony Nicodemo, Joe Spychalski, Jim Brown and a host of other willing and able men.

### SKIING NEWS

There was a very interesting note in the local paper last week concerning the appointment of Samuel Miller as ski coach at the sister institution across the wide Winooski. As most of you followers of the ski trails know, Sam Miller was co-coach of the St. Michael's ski team last winter along with the present ski coach Dom Cassavant, presently head of the Physics Department at St. Mike's.

While we're on the topic of skiing, coach Cassavant has made it known that a very attractive schedule is being planned for the coming year. He welcomes all interested freshmen. This is your chance fellows! You're right in the heart of the ski country. Get out those skis and start polishing.

## Twins Enjoy Giant Rah!

Saint MICHAELS College, which seems to be a seat of originality as well as learning (take a look at your neighbor) HAS out done itself in the KULLMAN brothers Notonly are they identical twins but they are celebrities (which are fading fast from the local scene) Pete and Paul have been water boys for the New York Giants (the ones that make money) ANY kid would like this, maybe even more than a Remington Rifle.

### SCHOLASTIC BACKGROUND

After doing a "PERSON to PERSON" with the twins I found out that they hail from Staten Island where they attended Augustinian Academy. For the past five years they have been lugging the pails for Tim Mara's matadors. Knowing no bounds for their

enthusiasm, they have made the long haul into our enhanced forrest for the past two summers to watch their boys perform for the jets.

Upon further investigation (ouch! your twisting my arm) I found that the gentlemen are scholars. (See what I meant when I said they were original) Both are Bio. majors with their eyes on Med. School.

### HOW TO GREET

So now dear Michaelmen when you meet the Brothers Kullman, before you "roll them" for tickets, give them a "Giant" size welcome to our little integrated family. But above all, don't discuss the merits of the New York Football Giants, for indeed it would be a waste of time and effort, these boys have the "inside scoop".

"The Kullman brothers".
